An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Mulgrew on 8/14/03.

The application has been amended as follows:

Cancel claims 21-38.

The following is an examiner's statement of reasons for allowance:

As newly presented claims 21-38 are not drawn to the same invention as the previous claims, applicant agreed to cancellation. The terminal disclaimer removes the obviousness double patenting.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
